 "§215.24. Morbid obesity; legislative findings; optional coverage
 A. The legislature hereby finds and declares that:
 (1) Obesity is a significant health problem affecting hundreds of thousands of Louisiana residents.
 (2) Morbid obesity increases the mortality rate more than threefold, causes physical and emotional disability, and is often associated with comorbid health conditions, including hypertension, cardiopulmonary conditions, and diabetes, all of which compound the impact of obesity on longevity and quality of life.
 (3) Obese Louisiana residents are ninety percent more likely to have diabetes and fifty percent more likely to have high blood pressure than those who are not obese.
 (4) Certain therapeutic interventions can alter the course and severity of obesity and morbid obesity is amenable to established surgical treatment.

(2) As used in this Section, "morbid obesity" means:

(a) A weight which is at least one hundred pounds over or twice the ideal weight for frame, age, height, and gender as specified in the 1983 Metropolitan Life Insurance tables.

(b) A body mass index equal to or greater than forty kilograms per meter squared.

(3) As used in this Section, "body mass index" means a practical marker that is used to assess the degree of obesity and is calculated by dividing the weight in kilograms by the height in meters squared.

C.(1) Any issuer of a health insurance policy, contract, or plan specified in Paragraph (B)(1) of this Section which is issued for delivery, delivered, renewed, or otherwise contracted for in this state on or after January 1, 2004, shall offer an optional provision in such policy, plan, or contract which states that benefits shall be payable for the treatment of morbid obesity, as defined in Paragraph (B)(2) of this Section, through gastric bypass surgery or such other methods as

may be recognized by the National Institutes of Health as effective for the long-term reversal of morbid obesity when:

(a) Nonsurgical medical treatment of the morbid obesity supervised by a physician has been unsuccessful for at least eighteen months.

(b) At least two physicians concur in the determination that surgical treatment of the morbid obesity is medically necessary.

(2) If the policyholder or other purchaser of the policy, plan, or contract elects not to purchase this optional coverage, the issuer shall not be required to notify the purchaser in any renewal, reinstatement, or modified policy, contract, or plan as to the availability of the optional coverage. However, the policyholder or other purchaser may request the optional coverage in writing on any anniversary date of the policy, contract, or plan.
